

# you shall go to the ball...

Rare Gowns, Exquisite Bags and Jewellery at Passionata

Passionata has a selection of vintage, retro and one off tailor made and worn once gowns, including some amazing wedding dresses.

Our gown selection is made by early NZ designers and some are tailor-made one offs.

These dresses are ideal for balls, weddings and special occasions where you can stand out from the crowd in your rare gown. No worries about having someone else turn up in the same outfit!

Passionata's jewellery collection is becoming more and more extensive. We have gorgeous vintage chandelier earrings, stunning brooches, beautiful necklaces and chokers, and fabulous bracelets by both local and international designers.

Our evening bags are to die for and we specialize in vintage. We do have a few new hand beaded flapper-style bags, and feather bags, but we mainly stock the gorgeous retro NZ made evening bags, beautiful vintage beaded and good quality mesh and cloth bags. Our Oron and Whiting Davis mesh bag selection is worth visiting just to admire.

We have visitors to our shop who do that...they admire and reminisce on what they wore and owned in the past, while choosing their special gifts. Passionata is the place for that special gift for the friend who has everything, the 21st, special '0' birthday, or for buying yourself something truly lovely. Come and see Marlana and Shannon who will help you with your selection.
